'S PREMIER ONLINE HOME OWNERSHIP EDUCATION PROGRAM
"Homebuyer's Online Education Made Easy"

eHomeAmerica

eHomeAmerica is a structured web-based class built on the NeighborWorks America curricula, ***'Realizing the American Dream'*** with videos to assist learning. To improve the accessibility of the informative, interactive modules, the text was written to make it simple, plain and easy to understand. Much like the BHO face to face workshops, this course checks Customer's learning with frequent feedback. Following the course, which is designed to take eight hours, an in-person or phone counseling session along with signed disclosures are required prior to the certificate being issued. This counseling is to ensure the Customer has an opportunity to discuss the course, their personal home buying process or issues they are facing. BHO Certified Housing Counselors are here to be their advocate and ensure their success.
